

Ökologisches Kolloquium

WS 2024/25

Oktober
21

Florian Kunz
(BOKU University - Institute of Wildlife Biology and Game Management)

"From genetics to landscapes - examples from alpine grouse"

17:00 HS D, Technikerstr. 25, 6020 Innsbruck

Oktober
28

Nalini Puniamoorthy
(University of Singapore - Biological Science)

"The sexy lives of sexy flies- Investigating biological diversification and seeking sustainable solutions"

17:00 Zoom

November
11

Serban Sarbu
(Institut of Speleology Emil Racovita)

"The Fascinating Biology of Stinky Caves - Sulfidic subterranean Biology"

17:00 Zoom

November
18

Ruben del Campo Gonzalez
(Universität Innsbruck - Ökologie)

"Tales of leaves and bugs: Biodiversity controls on ecosystem functioning in river network meta-ecosystems"

17:00 HS D, Technikerstr. 25, 6020 Innsbruck

Dezember
09

Florian Hartig
(Universität Regensburg)

"Joint Species Distribution Models and their potential for inferring community assembly processes from eDNA data"

17:00 HS A, Sternwartestr. 15, 6020 Innsbruck

Jänner
13

Steven W. Wilhelm
(University of Tennessee)

"Seasonal strategies for cyanobacteria and diatoms on a changing planet"

17:00 Zoom

Jänner
20

Walter Tschonn
(Tiroler Landesumweltanwaltschaft)

"Das EU Renaturierungsgesetz"

17:00 HS A, Sternwartestr. 15, 6020 Innsbruck

Jänner
27

Thomas Wrbka
(Universität Wien - Botanik und Biodiversität)

"Ecological restoration of Green Infrastructure at landscape scale - learnings from the European Green Belt"

17:00 HS A, Sternwartestr. 15, 6020 Innsbruck

Institut für Ökologie

Universität Innsbruck - www.uibk.ac.at/de/ecology/
