

AURORA 2030 TT2.3 Hub 'Health & Well-Being'

Teaching Sustainable Development Goals: Methods for Education

Explore innovative strategies to integrate SDGs into teaching practices, for impactful, and future-ready education.

Organisers

Dr. Danila Gurgone, Prof. Pasquale Maffia, Dr. Lina Penagos

Walter Leal

Chairs of Climate Change Management at the Hamburg University of Applied Sciences (Germany), and Environment and Technology at Manchester Metropolitan University (UK).

Walter Leal is a leading expert in sustainable development and climate change, contributing to the Intergovernmental Panel on Climate Change and directing the International Climate Change Information and Research Programme.

Jorim Tielbeek

Assistant Professor, Amsterdam UMC, department of psychiatry

Jorim Tielbeek is an expert in co-creating education with students, emphasizing innovative learning approaches. As a Comenius grant recipient and founder of the Rebuilding Education movement, he partners with students to (re)design educational programs with a focus on planetary health.

17th February 2025

12:00 – 13:00 PM GMT (1:00 – 2:00 PM CET)
