

12.03.2025

Informationsveranstaltung für Biologiestudierende
“Von der Artenkenntnis zu Beruflichen Chancen”

Evelyn Kustatscher, Tiroler Landesmuseen; Walter Michaeler, Abteilung Umweltschutz des Landes Tirol; Anton Heufelder, Naturpark Karwendel; Wolfgang Bacher, NATOPIA; Franz Kircher, ILF Consulting Engineers; Klara Huber, BH Landeck

19.03.2025

Martin C. Fischer, Institut für Integrative Biologie, ETH Zürich
Monitoring genetic diversity: A genomics-based pilot study for Switzerland

26.03.2025

Charlotte Permann, Elisabeth Falkeis, Monika Hamacher
Ehemalige Botanikstudentinnen berichten über ihre Berufserfahrungen

09.04.2025

Luis Valente, University of Groningen
What drives plant diversity on islands? Insights from macroecology and phylogenetics

07.05.2025

Laurent Marquer, Institute of Botany, University of Innsbruck
Pollen-based land cover reconstruction and Holocene vegetation change in mountain regions

21.05.2025

Tim Rieseberg, University of Salzburg
The evolution of the molecular adaptation mechanisms in more than 1.8 billion years diverging snow algae

04.06.2025

Charline Giguet-Covex, University of Savoie Mont-Blanc
Synthesis of mountain agro-ecosystems long-term trajectories in the Northern French Alps

17:00 PM – LECTURE HALL A – INSTITUTE OF BOTANY
