INTERNSHIP: Maintaining management processes with SAP

Place of work: **Houston/Texas**

Period: **4 weeks between June and August 2025**

YOUR JOB

As an enthusiastic and detail-oriented intern you will assist our IT team with maintaining and optimizing our incident management processes. Ideally you should have strong communication skills, a willingness to learn about SAP systems, and an interest in IT operations.

YOUR TASKS

- **Set up JIRA projects** for incident management, problem management, and backlog tracking
- **Customize workflows**, issue types, screens, and fields to align with business processes
- **Configure permissions**, notifications, and automation rules for efficient task handling
- **Design and implement intuitive dashboards** to monitor key performance indicators (KPIs) such as ticket resolution time, backlog progress, and incident trends
- **Develop training materials**, including guides and tutorials and conduct hands-on trainings sessions

YOUR SKILLS

- Currently **pursuing a degree in Computer Science, Information Technology, Business Administration**, or a related field.
- **Basic understanding of SAP** systems and their role in business operations is preferred but not required
- **Strong analytical and problem-solving skills** with attention to detail
- **Excellent communication skills**, both written & verbal
- Ability to manage multiple tasks and **meet deadlines**
- **Fluency in English**

YOU GET

- A **unique internship** position
- A **top salary** of at least 1.500 euros (net. p.m./ respective equivalent)
- **Travel and accommodation costs** are covered
- A **huge kick-start** for your career
